

Who are we?

We are a peer-led organisation run by people who either get support or have experience of caring for someone. We want to assist others through their own Self-directed Support (SDS) journey.

We have been providing services to people in Ayrshire, who prefer to manage their own support, since 2001. We are a not-for-profit service. This means any profit is put back into the service for the benefit of all the people who use it.

Why are we different from other payroll services?

As a peer-led organisation, we know what kind of SDS support people need to manage the money from different funds such as Direct Payments, SDS (Personal Budgets) and the Independent Living Fund (ILF).

We don't provide payroll services for anyone else, so we have the knowledge and experience to assist you with all the ins and outs of employing Personal Assistants (PAs) and to provide you with ongoing support.

Why Choose Us?

- *We specialise in SDS and work with your personal choices*
- *We understand Personal Assistants working patterns and know each payroll can be different*
- *We know that paying the correct wages is important to keep a good working relationship*

Our Services

We provide a range of choices so that people can manage their SDS personal budget whether employing PAs and/or buying support provided by an agency.

Another thing we can do, if you need this, is to open and manage an SDS bank account on your behalf. Your SDS budget gets paid into this and we then make all the payments for you. This is sometimes called third party banking.

We can do as much or as little as you need, leaving you the time to get on with all the important things in life!

There is a charge for our Payroll & Budget Management service but funding will be in your SDS personal budget to pay for this if it's required.

Remember, we understand just how important it is to have an accessible and straightforward payroll service.

We are always happy to adjust our service to your individual needs.

What our customers have to say about us...

"They take over all the things HMRC needs for the employment of my personal assistant".

"AILN staff provide a 5 star service *****".

"AILN is a vital support, the help we receive is excellent".

"Saves me a lot of time and potential angst!".
